## ABOUT

# CARLO ALFONSO

Carlo Alfonso is a Cuban-Mexican saxophonist, composer, arranger, producer, and multi-instrumentalist based in Los Angeles. With more than 17 years of musical experience, his sound brings together modern jazz, Afro-Cuban rhythm, Latin music, R&B, funk, pop, and contemporary production.

Known for his expressive saxophone sound, rhythmic sensitivity, and ability to move naturally across musical worlds, Carlo's artistry extends beyond the saxophone. His creative voice includes woodwinds, piano, keyboards, electric bass, guitar, arranging, and production, allowing him to approach music as both a performer and a complete creator.

Since relocating to Los Angeles in 2024, Carlo has quickly built momentum across the city's live music and creative scenes, performing at venues such as Catalina Jazz Club, Vibrato and The Music Center.

His performance credits include Karol G, Emmanuel, Tony Succar, Wayne Linsey, Raúl Pineda, Fausto Cuevas, and other respected artists and musicians.

As an Official Eastman Artist, Carlo represents a new generation of musicians building bridges between tradition and modern identity. His work reflects the perspective of a young artist building a sound that honors tradition while speaking clearly to the present.

JAZZ NEVER LEFT THE CHAT

# JAZZ WHO?

NEW RELEASE

## JAZZ WHO?

**DEBUT ALBUM BY CARLO ALFONSO  
OUT MAY 22, 2026.**

Jazz Who? is Carlo Alfonso's debut album and first full artistic statement as a composer, producer, arranger, and bandleader.

Built from original compositions, modern jazz language, Afro-Cuban rhythmic influence, Latin jazz energy, and multi-instrumental production, the album challenges the idea that jazz is fading or disconnected from new generations.

The title carries irony, curiosity, and attitude. Jazz Who? responds to the question of whether jazz still has something to say today and the answer is found in the music itself.

This project presents jazz as alive, moving, and constantly evolving.
